- B. Tuition divided into 11 payments with the first payment, by separate check, due along with the completed financial agreement by April 14, 2011. The subsequent 10 payments are drawn by automatic withdrawal from your bank account with the first payment beginning May 2, 2011 and the last payment February 6, 2012. *Please note:* New students who enroll after April would follow a plan based on the number of months from the date of enrollment to the following February. For example, a student enrolled in May would be on a 10-month plan; in June a 9-month plan, etc. First payment, by separate check, would be at the time of enrollment with subsequent payments by automatic withdrawal from your bank account, drawn the first of each month.

Please Note: Option B is the only method of monthly payment we can accept.
